Skills

- **Languages**: C++, Java, Python
- **Frameworks**: HTML5, CSS3
- **Libraries**: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, SciPy, Data Cleaning and EDA
- **Tools/Platforms**: Git, GitHub, MySQL, Power-BI, MS-Excel, Hadoop
- **Soft Skills**: Adaptability, Problem-Solving, Teamwork, Flexibility, Effective Communication

Work Experience

Online Examination Proctor - Lovely Professional University (LPU) Jun'2026 - Jul'2026

- Conducted **Online proctored examinations** while following university guidelines and examination protocols.
- Verified candidate identity, monitored exam sessions, and documented irregularities when required.
- Ensured a smooth, fair, and secure examination process for students.

Projects

Movie Recommendation System (Python): | GitHub Apr'2026 - May'2026

- Built a content-based **Movie Recommendation System** using the **TMDB** dataset and cosine similarity.
- Applied text preprocessing and feature engineering for accurate movie recommendations.
- Developed an interactive **Streamlit** web app to display top 5 similar movies in real time.

Bank Marketing Campaign Dashboard (Power BI): | GitHub Oct'2025 - Jan'2026

- Developed a **Power BI** dashboard for **Bank Marketing Campaign** analysis.
- Performed **data cleaning and preprocessing using Power Query**.
- Created **data visualizations** (bar charts, donut charts, scatter plots, slicers) for campaign analysis.
- Identified **key insights** related to customer occupation, education, call duration, and campaign success rate.

Lok Sabha Election 2024 Dashboard (MS-Excel): | GitHub Mar'2025 - Apr'2025

- Developed an interactive **Excel dashboard** to analyze **Lok Sabha Election 2024** results.
- Cleaned and structured raw election data to uncover **voting trends and party performance** across states.
- Implemented **pivot tables, charts, and slicers** for dynamic filtering and analysis.
- Published the project on **GitHub** demonstrating skills in **data analysis and visualization**.

Training

LPU – Summer Internship in OOPs using C++: | Certificate May'2025 - Jun'2025

- **About**: Applied OOP principles to develop structured C++ programs and improve code reusability.
- Enhanced debugging, optimization, and project implementation skills through guided hands-on tasks.
- **Tech stacks used**: C++

Certificates

- Basics of Data Analytics | PhysicsWallah — Apr'2026
- Introduction to Internet of Things | NPTEL — Nov'2025
- Object-Oriented Programming using C++ | LPU — Jul'2025

Extra-Curricular Activities

- **Community Development Project**: Jun'2024
  Collaborated with an NGO to support doctors in distributing essential medicines and hygiene products to rural communities.
- **Hackathon Participation:** Apr'2024
  Successfully participated in a 24-hour Hackathon organized by UpGrad.

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; **CGPA: 6.81** — Aug'2023 - Present
- **D A V Rukmini Banarasi Kedia School** — Birganj, Nepal
  Intermediate; **Percentage: 87.6** — Aug'2020 - Jul'2021
- **Devasthaliya Vidyapeeth** — Motihari, Bihar
  Matriculation; **Percentage: 68.6** — Aug'2018 - Jul'2019
